DESCRIPTION

A part of the Northeast quarter of Section 3, Township 8 North, Range 2 West, in Monroe County, Indiana, described as follows: beginning at a point 229.00 feet West and 40.00 feet South of the Northeast corner of the said quarter and on the South right-of-way of State Road #48, thence South 89 degrees 35 minutes 30 seconds West along the said right-of-way for 869.81 feet; thence South 02 degrees 14 minutes East for 280.00 feet; thence North 89 degrees 35 minutes 30 seconds East for 746.91 feet; thence South 02 degrees 09 minutes East for 468.57 feet; thence South 88 degrees 30 minutes East for 301.00 feet; thence North 02 degrees 09 minutes West for 651.15 feet; thence South 89 degrees 20 minutes West for 179.00 feet; thence North 02 degrees 09 minutes West for 107.29 feet and to the point of beginning.

Also, beginning at a point that is 1056.71 feet West and 40.00 feet South of the Northeast corner of the said Northeast quarter and on the South right-of-way of State Road #48, thence South 89 degrees 35 minutes 30 seconds West along the said right-of-way for 1056.71 feet; thence South 82 degrees 00 minutes 30 seconds West along said right-of-way for 103.20 feet; thence South 02 degrees 14 minutes East for 288.40 feet; thence North 89 degrees 20 minutes East for 1159.00 feet; thence North 02 degrees 14 minutes West for 297.26 feet and to the point of beginning.

Also, beginning at a point that is 50.00 feet West and 66.00 feet South of the Southeast corner of the said Northeast quarter; thence South 88 degrees 39 minutes for 301.10 feet; thence North 02 degrees 09 minutes West for 1178.82 feet; thence South 88 degrees 30 minutes East for 301.0 feet; thence South 02 degrees 09 minutes East for 1163.87 feet and to the point of beginning. Containing in all three parcels 26.15 acres more or less.

Under authority provided by Chapter 174, Acts of 1947, enacted the the General Assembly of the State of Indiana, and all acts amendatory hereto and ordinance adopted by the Board of County Commissioners of the County of Monroe, Indiana, this plat was given approval by the County Plan Commission as follows:

Approved by the County Plan Commission at a meeting held Aug. 20 1968

President

Secretary Fritz Ryan

In Witness whereof: Twobob Incorporated

Attest: Mary W. Fee
Mary W. Fee Secretary

Robt W Fee
Robert W. Fee President

State of Indiana
County of Monroe

Before me the undersigned, a notary public in and for the said county and state, appeared Robert W. Fee and Mary W. Fee to me well known to be president and secretary respectively of Twobob, Inc. an Indiana corporation, and acknowledged the execution of the above and foregoing plat as its and their voluntary act and deed for the uses and purposes therein expressed.

Notary Public

My commission expires February 15, 1972

I, Raymond Graham, hereby certify that I am a profession engineer and land surveyor licensed in compliance with the laws of the State of Indiana, and that this plat correctly represents a survey completed under my surveillance.

DESCRIPTION
Job #0011
Maxwell Manors Addition
Lots 123, 124 & 125

Lot Number 125 in MAXWELL MANORS, a sub-division of Seminary Lots 111, 112, 113 and 114, situated in the Southeast Quarter of Section Number 4 and of Seminary Lot Number 133, situated in the Southwest Quarter of Section Number 3, all in Township 8 North, Range 1 West, in Monroe County, Indiana.

ALSO, Lot Number 124 in MAXWELL MANORS, a sub-division of Seminary Lots Number 111, 112, 113 and 114, situated in the Southeast quarter of Section Number 4 and of Seminary Lot Number 133, situated in the Southwest Quarter of Section Number 3, all in Township 8 North, Range 1 West, in Monroe County, Indiana, EXCEPTING THEREFROM the following: Beginning at the Southeast corner of said Lot Number 124, thence running North along the East line of Lot 124 and the West line of Lot 123 for a distance of 75 feet; thence West 6 feet; thence South and parallel to the East line of said Lot 124 and the West line of Lot Number 123 seventy five (75) feet and to the South line of said Lot Number 124; thence East 6 feet and to the place of beginning.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was prepared in office from record information either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 8th day of December, 1992.

Survey Report
Rose Boundary
Job #0011

In accordance with **Title 864, Article 1.1, Chapter 13, Section 1 through 34** of the **Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement (*Theoretical Uncertainty*);

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 864.

This survey was performed at the request of Virginia Rose.

The survey is Lot 125 and part of Lot 124 in Maxwell Manors Addition to the City of Bloomington, Monroe County, Indiana.

The deed (Book 198, page 178) is in the name of Virginia L. & Richard J. Rose.

Corners Found:
Northeast corner of Lot 125.
Northeast corner of Lot 124.
The Northeast, Northwest and Southwest corners of the described 6' exception.
Northeast and Southeast corner of Lot 123.

Deed Analysis:
No errors were found in the recorded deed. There was a discrepancy of 0.31' in the north line of Lot 124 with what is platted and what mathematically computes.

Establishment of Lines:
The west line of Lot 125 was set at record distance from existing monuments found on Lot 124 and Northeast corner of Lot 125.

The south line of Lots 124 and 125 was set at record distance and prolongation of line from monuments found at Southeast corner of Lot 123 and 6' exception of Lot 124.

The north line of Lot 124 was set by existing monument and placement of the Northwest corner at record and angle and distance from monument at the Northeast corner of Lot 125.

The east line of Lot 124 was established by existing monuments.

As a result of the above observations, it is my opinion that the uncertainties in the locations of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments, 0.40'.

Due to *discrepancies* in the plat of the subdivision, 0.31'.

Due to *inconsistencies* in lines of occupation (fences as shown on this survey), 1.3'-1.8'.

Report of Survey
Job #235

In accordance with **Title 864, Article 1.1, Chapter 13, Section 1 through 34** of the **Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement *(Theoretical Uncertainty)*;

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 864.

This survey was performed at the request of Amy Holdeman.

The survey is a portion of Lot 1 and 2 of Maxwell Manors Subdivision.

The Southeast and Southwest corners of the subject property were found. The Northeast and Northwest corners were set by record angle and prorated distance from the plat.

As a result of the above observations, it is my opinion that the uncertainties in the location of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments; 0.52 feet east-west and 0.35 feet north-south.

Due to *discrepancies* in the record description; none.

Due to *inconsistencies* on lines of occupation; fences as shown.

"Exhibit A"

A part of the Northeast Quarter of Section Three (3), Township Eight (8) North, Range One (1) West, bounded and described as follows, to-wit: Commencing at a point twenty feet East and eighteen and seven-tenths (18.7) feet North of the Southwest corner of said Quarter section; running thence East one hundred and fifty (150) feet; running thence North one hundred sixty-three and eighty-five hundredths (163.85) feet; running thence West one hundred and fifty (150) feet; running thence South one hundred sixty-three and eighty-five hundredths (163.85) feet, to the place of beginning, the real estate conveyed consisting of Lots Number Thirteen (13) and Fourteen (14) in "Rogers' Heights Addition" - being a subdivision of a part of said Quarter Section of which formal plat has not been recorded.

The Grantees, by acceptance of this Deed, binding their heirs and assigns, covenant: That no buildings or parts thereof nor structures of any character, except one-story unenclosed porches, shall be built within 25 feet of the highway known as High Street, nor within 15 feet of Maxwell Lane as extended; that no dwelling costing less than $5,000.00 shall be erected on the conveyed real estate; and that no buildings or parts thereof be used for business or manufacturing.

ALSO, a part of the Northeast Quarter of Section Three (3), Township Eight (8) North, Range One (1) West, bounded and described as follows, to-wit: Commencing at a point eighteen and seven-tenths (18.7) feet north, and one hundred seventy (170) feet East of the Southwest corner of said Quarter Section Three (3), running thence North one hundred sixty-three and eighty-five hundredths (163.85) feet; thence East seventy-five (75) feet; thence South one hundred sixty-three and eighty-five hundredths (163.85) feet; thence West seventy-five (75) feet to the place of beginning, the real estate consisting of Lot Number Fifteen in Rogers Heights Addition, being a sub-division of a part of the said Quarter Section Three (3), of which formal plat has not been recorded.

Subject to an easement, which is reserved hereby, over and across a strip of ground of the even width of 4 feet off of the extreme North end of said Lot Number Fifteen, for the installation and maintenance of public utility lines; and grantees covenant that they will erect no permanent structure thereon.

As part of the consideration for this conveyance, grantees, binding their heirs, administrators, executors and assigns, agree that they will not erect or maintain any building or other structure, or parts thereof, (other than one-story unenclosed porches) nearer than 25 feet to the South line of said Lot Number Fifteen; that they will not erect or use any building on said lot for business or industrial purposes or uses and will erect thereon no building or other structures except a dwelling house and private garage for use in connection therewith; that they will erect no such dwelling house thereon the cost of which shall be less than $5,000.00.

ALSO, a part of the Northeast Quarter of Section Three (3), Township Eight (8) North, Range One (1) West, described as follows: Commencing at a point eighteen and seven-tenths (18.7) feet North, and two hundred and forty-five (245) feet East of the Southwest corner of said Quarter section; running thence North one hundred sixty-three and eighty-five hundredths (163.85) feet; running thence East seventy-five (75) feet to a proposed street; running thence South along the West line of said proposed street, one hundred sixty-three and eighty-five hundredths (163.85) feet; running thence West seventy-five (75) feet, to the place of beginning. (The real estate conveyed is commonly called Lot Number Sixteen (16) in Rogers Heights, an unrecorded plat of a sub-division of a part of said Quarter Section).

Subject to an easement over the north four (4) feet of said Lot Number Sixteen for the purpose of furnishing, installing and maintaining utility services for the real estate conveyed and for other real estate in said quarter section.

As part of the consideration for this conveyance, grantees, binding their heirs, administrators, executors and assigns, agree and covenant that they will not erect or maintain any building or other structure, or parts thereof, (other than one-story unenclosed porches) nearer than 25 feet to the South line of said Lot Number Sixteen; that they will not erect or use any building on said lot for business or industrial purposes or uses and will erect thereon no building or other structures except a dwelling house and private garage for use in connection therewith; that they will erect no such dwelling house thereon the cost of which shall be less than $6,500.00.

REPORT OF SURVEY

Job No. 5000128 REVISED

Lot Number Twenty-three (23) in TAYLOR ADDITION to the City of Bloomington, Indiana, being a part of Seminary Lots Number 129 and 130, as shown by the recorded Plat thereof, appearing in Plat Book 3, Page 7, in the office of the recorder of Monroe County
Owner: Frederic W. Lieber and Donald W. Maxwell

In accordance with standards of Title 865 IAC (Rule 12), a report of survey is required to explain procedures used in establishing the subject property lines and to provide an opinion regarding uncertainties in final corner positions. These uncertainties can result from any of the following factors:

A. AMBIGUITIES IN RECORD DESCRIPTIONS OR PLAT

This project is a resurvey of Lot 23 Taylor Addition. This resurvey is occurring because conflicting evidence has been discovered in the immediate area. On the original plat of Taylor Addition the perimeter dimensions of the plat do not add up to the sum of the individual lot dimensions by a difference of 2 feet. The interior lot dimensions are 2 feet longer than the perimeter dimensions. This error is only in the south to north direction.

The recording year of Taylor Addition is 1947 and in 1947 Taylor Addition included Lot 21, Lot 22, and Rose Avenue. The recording year of Ralph Rogers Addition is 1954 and in 1954 Lot 21, Lot 22, and Rose Avenue are included in this plat. The Ralph Rogers Addition plat does not discover the 2 foot discrepancy in the Taylor Addition plat and only uses the perimeter dimensions that are 2 feet shorter than the interior dimensions of Taylor Addition. In 1954 the surveyor set a stone at the southwest corner of Rose Street and Second St. This stone and other monuments found on the north line of Lot 41 Ralph Rogers Addition put the 2 foot error in said Lot 41 and Lot 23 of Taylor Addition. This is also documented in a survey by Ben Bledsoe recorded with Instrument No. 2001007202.

The owners of Lot 41 and Lot 23 agreed to split this difference and Lot 23 has been resurveyed. The resurvey put Bynum Fanyo survey caps on the four corners of Lot 23. Also, the plat of Taylor Addition gives dimensions for the lots but no bearings. The bearings are determined by finding the stones called for on the plat and using the plat?s dimensions. As shown on the drawing, two stones of the Taylor Addition plat can be found or relocated from prior work by this surveyor in the neighborhood. Also, the stone at the intersection of High Street and First Street is used to establish the right-of-way lines of First Street.

For more information see Instrument Number 200016484, 2000019111, and 2001007202, Office of the Recorder, Monroe County, Indiana.

B. AVAILABILITY AND CONDITION OF REFERENCE MONUMENTS

See Section A.

C. INCONSISTENCIES IN LINES OF OCCUPATION

To the best of my knowledge and belief, no inconsistencies exist on this project.

D. THEORETICAL UNCERTAINTY

Traverse closure and random errors caused by survey instrument precision give this project a theoretical uncertainty of 0.25 feet. This meets the requirements of a Class "B" survey as defined in the survey standards.

LEGAL DESCRIPTIONS OF INDIVIDUAL LOTS IN PICKWICK POINT ADDITION

Lot 1

A part of lots 25 and 26 in Windermere Addition, Bloomington, Indiana, described as follows: Beginning at the Northwest corner of lot 26 in said Windermere Addition, thence S12°-08'-10"W over and along the East right of way of Pickwick Place for a distance of 103.40 feet, thence S41°-02'-50"E for a distance of 93.29 feet, thence N85°-07'-38"E for a distance of 68.87 feet, thence S53°-04'-33"E for a distance of 63.37 feet, thence N00°-34'-20"E for a distance of 185.55 feet to a point on the North line of lot 26 in said Windermere Addition, thence N83°-34'W over and along the North line of said lot 26 in Windermere Addition for a distance of 161.67 feet.

Lot 2

A part of lots 25 and 26 in Windermere Addition, Bloomington, Indiana, described as follows: Beginning at the Northeast corner of lot 26 in said Windermere Addition, thence N83°-34'W over and along the North line of lot 26 in said Windermere Addition for a distance of 160.87 feet, thence S00°-34'-20"W for a distance of 185.55 feet, thence S83°-30'-40"E for a distance of 162.75 feet to the East line of lot 25 in said Windermere Addition, thence North over and along the East line of aforesaid lots 25 and 26 for a distance of 185.91 feet to the point of beginning.

Lot 3

A part of lots 24 and 25 in Windermere Addition, Bloomington, Indiana, and a part of the Southwest quarter of the Southeast quarter of Section 3, Township 8 North, Range 1 West, Monroe County, Indiana, described as follows: Beginning at a point that is 647.00 feet North of the Southeast corner of the Southwest quarter of the Southeast quarter of said Section 3, thence North for a distance of 100.00 feet to the Southeast corner of said lot 24, thence continuing North over and along the East line of said lots 24 and 25 for a distance of 214.09 feet, thence N83°30'-40"W for a distance of 162.75 feet, thence S00°-34'-20"W for a distance of 120.55 feet to a point on the South line of said lot 24, thence continuing S00°-34'-20"W for a distance of 100.00 feet, thence S85°-50'E for a distance of 164.35 feet to the point of beginning.

Lot 4

A part of lots 24 and 25 in Windermere Addition, Bloomington, Indiana, described as follows: Beginning at the Southwest corner of said lot 24, thence S85°-50'-41"E over and along the South line of said lot 24 for a distance of 224.40 feet, thence N00°-34'-20"E for a distance of 120.55 feet, thence N53°-04'-33"W for a distance of 63.37 feet, thence S85°-07'-38"W for a distance of 68.87 feet, thence N41°-02'-50"W for a distance of 93.29 feet, to the right of way of Pickwick Place, thence S12°-08'-10"W over and along the right of way of said Pickwick Place for a distance of 211.58 feet.

Lot 5

A part of the Southwest quarter of the Southeast quarter of Section 3, Township 8 North, Range 1 West, Monroe County, Indiana, described as follows: Beginning at a point that is 647.00 feet North of the Southeast corner of the Southwest quarter of the Southeast quarter of said Section 3, thence N85°-50'W for a distance of 164.35 feet to the real point of beginning, thence N00°-34'-20"E for a distance of 100.00 feet and

BLOOMINGTON ENGINEERING COMPANY

WINDERMERE EAST IV

I hereby certify that the within plat is true and correct and represents a survey of a part of the Southeast quarter of Section 3, Township 8 North, Range 1 West, more particularly described as follows:

A part of the Southeast quarter of Section (3) Three, Township (8) Eight North, Range (1) One West, Monroe County, Indiana, described as follows, to-wit:

Beginning at the Southeast corner of Lot Number 59 in Windermere East III, an addition to the City of Bloomington, Indiana, as recorded in Plat Book 5, page 142, said point being 1932.39 feet North and 1039.34 feet West of the Southeast corner of the aforesaid Southeast quarter section ; thence North 00 degrees 20 minutes 38 seconds East 139.86 feet; thence North 23 degrees 31 minutes 30 seconds East 63.30 feet; thence North 00 degrees 20 minutes 38 seconds East 202.10 feet; thence North 19 degrees 39 minutes 23 seconds East 108.05 feet; thence South 82 degrees 30 minutes 07 seconds East 70.00 feet; thence North 73 degrees 05 minutes 30 seconds East 185.00 feet; thence North 72 degrees 32 minutes 14 seconds East 220.11 feet; thence North 84 degrees 37 minutes 14 seconds East 106.15 feet; thence South 49 degrees 43 minutes 16 seconds East 107.00 feet; thence Southwesterly 71.08 feet on a curve to the right, said curve having a radius of 430.29 feet and a deflection angle of 18.929 degrees; thence South 49 degrees 46 minutes 12 seconds West 25.69 feet; thence Southwesterly 213.19 feet on a curve to the left, said curve having a radius of 285.78 feet and a deflection angle of 42.742 degrees; thence South 07 degrees 01 minute 04 seconds West, 185.79 feet; thence North 86 degrees 58 minutes 04 seconds East 172.71 feet; thence Southeasterly 47.28 feet on a curve to the right, said curve having a radius of 42.42 feet and a deflection angle of 63.708 degrees; thence South 29 degrees 19 minutes 36 seconds East 1.45 feet; thence Southeasterly 107.28 feet on a curve to the left, said curve having a radius of 409.79 feet and a deflection angle of 15 degrees; thence Southeasterly 31.90 feet on a curve to the right; said curve having a radius of 318.00 feet and a deflection angle of 29 degrees; thence South 86 degrees 55 minutes 10 seconds West 473.19 feet; thence North 85 degrees 03 minutes 06 seconds West 342.08 feet to the point of beginning, containing 7.858 acres, more or less.

This subdivision consists of 18 lots numbered 60 through 77 inclusive. The size of lots and width of streets are shown in figures denoting feet and decimal parts thereof.

This survey was made by me during January, February, March, 1973.

Witness my signature and seal this 26th day of April, 1974.

Signed: Robert C Sipes

Sheet 1 of 2

WINDERMERE EAST IV

Book_____ Page______

The undersigned, the Eastside Development Corporation, being the owner of the above described real estate, do hereby lay off, plat and subdivide the same into lots and streets in accordance with the within plat.

The within plat shall be known and designated as WINDERMERE EAST IV ADDITION to the City of Bloomington, Indiana.

A. The streets shown and not heretofore dedicated are hereby dedicated to the public.

B. Between building lines and street lines as shown on the plat, no building or buildings or parts thereof shall be erected or maintained. In no event may a structure be nearer than six feet to the closest point of the lots side line.

C. There are strips of ground as shown on the within plat marked "Utility Easements" (U.E.), which are reserved for the use of public utility companies and governmental agencies as follows: "Utility Easements" (U.E.) are created for the use of all public utility companies not including transportation companies, for the installation and maintenance of mains, ducts, lines, wires, and also all rights and uses specified for sewer easements above designated. The owners of all lots in this addition shall take title subject to the rights of the public utilities, governmental agencies, and rights of the other lot owners in this addition, to said easement herein granted for ingress and egress in, along and through the strips of ground for the purposes therein stated. No structure, including fences, shall be built upon said easements.

D. All lots in this addition are reserved for residential use. No building or any part thereof erected on any lot shall be used for any commercial purpose whatsoever. No building other than a one-family residence shall be erected on any lot in said addition.

E. No residence shall be occupied prior to completion, and there shall be no temporary living quarters constructed on any lot. No trailer, basement, tent, shack, garage, barn or other out-building erected on any lot in this Addition shall at any time be used as a residence temporarily or permanently, nor shall any structure of a temporary charcter be used as a residence.

F. Building Size Restrictions:

1. Single family residences one story in height shall have a ground floor area of not less than 1500 sq.ft.
2. Single family residences of one and one-half stories shall have a ground floor area of not less than 1250 sq.ft.
3. Single family residences two stories in height shall have a ground floor area of not less than 1000 ft.
4. Split level and bi-level houses shall be considered a one story house for these restrictions.
5. The ground floor area for the purpose of these restrictions shall be determined from the area of the house measured from the outside of the building foundation exclusive of open porches, breezeways, garages, carports, chimney and eaves. Ground floor area shall be measured from the outside of the building foundation.
6. No single family residence, exclusive of chimney, shall exceed thirty-two (32) feet in height measured from the lowest finished grade level at the houses foundation to the highest point of the structure's roof.
7. Except for houses located on corner lots, the main roof gable end shall not face toward the street unless prior written approval is obtained from Eastside Development Corporation. Houses located on corner lots where the foundation is exposed in excess of two feet above finished grade level shall have said entire exposed foundation veneered with either stone or brick on all sides of the house facing street. Where any concrete block foundation is exposed above finish lot grade level for two feet or more, said entire foundation shall be veneered with stone, brick or weatherboarding or decorative masonry block.
8. Restrictions set out under "F" entitled "Building Size Restrictions" may be waived by Eastside Development Corporation on application in writing by any lot owner. Said waiver shall be valid only when properly recorded in the office of the Recorder of Monroe County.

G. Additional Sub-division Restrictions:

1. Waste Disposal— No lot shall be used or maintained as a dumping ground for rubbish, trash, garbage, or other waste material, and such items shall not be kept except in sanitary containers out of sight and under cover except on days of trash collection. All equipment for the storage or disposal of such material shall be kept in a clean closed sanitary condition.
2. Yard incinerators for the disposal or burning of trash are not permitted.
3. All dwelling units shall be equipped with a mechanical device for grinding and disposal of garbage.
4. All sewage disposal shall be connected with the sanitary sewer system of the City of Bloomington, Indiana. No septic tanks or cesspools are permitted.
5. No fence in excess of 6 feet in height shall be permitted within 10 feet of any lot line.
6. No fence, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 20 feet from the intersections of the street lines, or in case of rounded property corner from the intersection of the street property lines extended. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such lines.

H. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot except that dogs, cats and other normally recognized household pets may be kept providing they are not kept, bred or maintained for any commercial purpose.

I. No manufacturing, noxious, illegal or offensive trade or activity shall be carried on upon any lot in said subdivision nor shall anything be done thereon which may be or become an annoyance or nuisance to the neighborhood.

J. For every family unit located on any lot, there shall be an undercover space for the off-street parking of a minimum of one automobile, and every dwelling or structure shall have a driveway with a minimum width of 10 feet extending from the curb line in the front of the lot back to a point at least as far as the closest point of the structure to the street. Said driveway shall be paved with either concrete or a hot mixed bituminous asphalt material.

K. Except for service deliveries, no boat, trailer, truck or other vehicle other than automobiles shall be parked in the subdivision unless parked within an enclosed garage, carport, or basement.

L. There shall be no subdivision of any lot, or lots, nor any sale thereof in parcels, except a portion of a lot may be sold to an adjoining lot owner if no new lot is created. For the purpose of these conditions and restrictions, all adjoining lots, or parts thereof, owned by one person and used as a single building site, shall be considered one lot, and the boundaries so established by such common ownership shall be considered the only lot lines for the purpose of these conditions and restrictions.

M. The right to enforce the within provisions, restrictions and covenants by injunction, together with the right to cause the removal by due process of law of any septic tank, obsorption bed or structure erected or maintained in violation thereof, is hereby dedicated and reserved to the owners of the several lots in Windermere East IV, their heirs or assigns, whoshall be entitled to such relief without being required to show any damage of any kind to any such owner or owners by or through any such violation or attempted violation. Said provisions shall be in full force and effect until January 1, 1988, at which time said covenants shall be automatically extended for successive periods of 10 years, unless by a vote of the majority of the then owners of the lots, it is agreed to change the covenants in whole or in part. Invalidation of any one of the covenants by judgement or court order shall in no wise affect any of the other provisions which shall remain in full force and effect. These restrictions and reservations are made for the benefit of the Eastside Development Corporation, its successors and assigns, and of any and all persons who may own any lot or lots in Windermere East IV Addition, and who shall derive title from or through Eastside Development Corporation, its successors or assigns,any lot owner as above described shall specifically have the right to prevent or stop the violation of any restriction by injunction or other lawful remedy, to recover any damages resulting from such violation in addition to which they shall be entitled to reasonable attorney's fees incurred in obtaining such injunction or in prusuing any other lawful remedy to prevent or stop such vioation.

N. All telephone and electrical connections from the utility lines to the houses shall be underground; no electrical or telephone transmission lines shall be overhead. No overhead wires of any type shall be installed at any place in this subdivision.

O. Any driveway on the premises shall be a minumum of sixteen (16) feet in width and surfaced with either concrete or asphalt and the owner of said lot shall install and maintain at all times a post light (from dusk to dawn) the same to be located at such place on the premises as shall be determined by Eastside Development Corporation; there shall be no parking of any vehicles on the street by occupant of said premises during daylight hours; the plot and house plans for the construction of the residence on the lands above described shall be first approved in writing by Eastside Development Corporation and no construction shall be commenced until such approval has been obtained from Eastside Development Corporation in writing.

P. The within covenants, limitations, and restrictions are to run with the land and shall be binding on all parties and persons claiming under them.

IN WITNESS WHEREOF, EASTSIDE DEVELOPMENT CORPORATION, BY ______________ PRESIDENT, AND ______________ VICE PRESIDENT, AND ______________ ASSISTANT TREASURER, have hereunto caused it's and their names to be subscribed this 20th day of March, 1975.

10/13/50
Bloomington, Ind.

Mr. John Stapelton
Bloomington, Ind.

Dear Sir:

This is to advise that I have checked the acreage of the plot of land lying south and east of third and High sts. I found by deducting the street areas to the back of the lot lines onley and the areas of lots drawn in on plat dated Nov. 1, 50 that the remainder was 1165 Acres More or less.

I wish to call to your attention the fact that in adding the lot lengths along High street, I find the total to be incorrect when Compared to the measurements taken by you and I when we took the boundry measurements.

Yours very truly

J M Cason

Per_O05

I, Edmund O. Farkas hereby certify that I am a Registered Land Surveyor, licensed in compliance with the Laws of the State of Indiana; tha this plat and the following description correctly represent a survey completed under my supervision on September 15, 1977; that all the monuments shown thereon actually exist and that their location and type are to the best of my knowledge accurately shown.

Edmund O. Farkas
Edmund O. Farkas
Registered Land Surveyor
Ind. Reg. No. S0114

S0114

A part of the Southwest Quarter of the Southeast Quarter of Section Three (3), Township Eight (8) North, Range One (1) West, Monroe County, Indiana, and more particularly described as follows:

Beginning on a stone 561.58 feet North and 864.42 feet East from the Southwest Corner of said Southeast Quarter, thence South Six (06) Degrees and Twenty (20) Minutes West 275.85 feet to an iron pipe and to the Northeast Corner of a 1.46 acres tract of land formerly owned by Eldred Hartke (as Recorded in Monroe County Recorder's Office in Book 182, Page 251), thence on the North Line of said Tract North Sixty-three (63) Degrees and Forty-one (41) Minutes West 225.84 feet to an iron pipe and to the Northwest Corner of said tract (Deed Recorded North Sixty-six (66) Degrees and Forty-eight (48) Minutes West 228.5 feet), thence North Eighty-three (83) Degrees and Six (6) Minutes West 39.60 feet to the Southeast Corner of the Bartlett tract of land, thence on an existing fence line and on the East Line of said Tract North Ten (10) Degrees and Fifty-four (54) Minutes East 297.31 feet to an iron pipe, thence leaving said fence line and on the South Line of the Roberts tract of land (Recorded in Book 172, Page 14 in the Monroe County Recorder's Office) South Eighty-three (83) Degrees and Fifty-five (55) Minutes East (Deed description South Eighty-three (83) Degrees and Twenty-five (25) Minutes East) 206.60 feet to an iron pipe and to the West Line of Pickwick Place Road (a County Road), thence on the said West Line South Six (06) Degrees and Zero (00) Minutes East 101.30 feet to the place of beginning.

Containing 1.80 acres, more or less.

SURVEYOR"S NOTE: After checking the descriptions on the surrounding tracts, I found that the Hartke description does not close 9.99 feet North and South and 0.53 feet East and West. Also I found an error in the Bartlett description, which is off North 6.24 feet and 3.98 feet West. Because of these closure differences, the above description is not representing the exact distances and bearings of the surrounding tracts.

PLAT OF THE SEMINARY LOTS AS SURVEYED IN 1820-1837

THE SECTION LINES AND SECTION MEASUREMENTS ARE COPIED FROM THE FIELD BOOK AND PLAT OF THE ORIGINAL LAND SURVEY BY THE SURVEYER GENERALS DEPUTIES IN 1816. THE MEASUREMENTS OF THE LATER SEMINARY SURVEY DO NOT BALANCE WITH THE ORIGINAL SURVEY, APPARENTLY DUE TO POOR SURVEYING METHODS — FIGURES IN PARENTHESIS ARE SEMINARY MEASUREMENTS — OTHER FIGURES GIVEN ARE MEASUREMENTS ON THE SECTION LINES FROM THE ORIGINAL LAND SURVEY.

THE SURVEYER STATES THAT THE STREETS AND ALLEYS OF THE CENTRAL PORTION WERE LAID OUT NORTH & SOUTH AND AT RIGHT ANGLES TO EACH OTHER. THE EAST LINE OF MORTON STREET WAS USED AS A BASE LINE AND STONES WERE SET-S.W. & N.W CORNERS OF THE SEMINARY SQUARE. MORTON STREET BEARS EAST OF THE SECTION LINE ABOUT 3 1/2° WHICH SEEMS TO INDICATE THAT THE STREET WAS ERRONEOUSLY LAID OUT TO MAGNETIC NORTH INSTEAD OF TRUE NORTH.

#412488 Ordinance to Vacate alley between lots 170, 171, 182 + 183 See Misc 227 p 468. 8-1-94

P. S. The late names given to the Streets in the above plat (written with red ink) are not to be found in the Original Plat, from which the above is copied.

W. H. Jones, R. M. C.

Explanation of the foregoing plat copied from Deed Book "A" page 55.

W. H. Jones, R. M. C.

Lots Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14 are one chain fifty-eight and three-tenths links in front, and three chains and sixteen links back.

Lots Nos. 16, 17, 18 and 19 are two chains and ten links and five tenths in front and two chains and thirty-nine links back. Lot No. 15 is 2 chains 39 links broad and 4 chains and 18 links long.

Lots Nos. 20, 21, 22, 23, 26, 27, 28 and 29 are two chains and forty links broad and four chains 21 links long. Lots Nos. 30, 31, 32 and 33 are two chains forty links broad and 4 chains 18 links long. The balance as marked in the plat thereof. North and South Streets are one chain wide.

East, Center, and West Streets from Bloomington to the North side of the Seminary Square, are one chain 25 links wide. East Street thence Southward one chain 5 links wide. West Street from the North side of the Seminary Square southward one chain thirteen links wide. The alleys are all 25 links wide. And are in number as represented on the plat. One circumscribing the same. The Streets and alleys run parallel and at right angles, to each other. Two stones planted, one at the North West and the other at the south west corners of the Seminary Square.

The measurement given in four poles, chains and links. The large figures near the center of the lots in the plat represent the number of the lot.

A true plat by,

James Borland, Surveyor
Bloomington, November 7th, 1820.

STATE OF INDIANA,

MONROE COUNTY,

This day personally came James Borland, Surveyor before me, William Hardin, a Justice of the Peace in and for the County aforesaid and made oath that the above was a correct plat of the lots surveyed by him comprising the land located by the Trustees of the State Seminary for the site thereof.

Given under my hand and seal this 8th day of November, 1820.

William Hardin, J. P. (Seal)

[illegible]

4 [illegible]

* 7 [illegible]

[illegible]

The Original Plat of the Town of Bloomington is copied from Deed Record "A" page 5, and is also recorded in Plat Book 1 page 4, in the recorder's office of Monroe County, State of Indiana.

EXPLANATION COPIED FROM DEED BOOK "A" PAGE 4.

State of Indiana,
Monroe County,

I, Benjamin Parks, Agent of said County do certify that the Town of Bloomington, was surveyed in the following form, to wit:

All the lots in the Town are four poles by eight. All the streets are 82½ feet wide. Alleys 12 feet. The Public Square is 276 feet square.

All the said lots are laid off at right angles, and the whole is run parallel with the Section lines.

Dated this the 22nd day of June, 1818.

Benjamin Parks, Agent

State of Indiana,
Monroe County,

This day came Jonathan Nichols before me Lewis Noel one of the Associate Judges for the said County, and made oath that this is a true plan of the Town of Bloomington.

Sworn and subscribed to the 22nd day of June, 1818.

Lewis Noel

Jonathan Nichols.

Recorded in Plat Book #1 page 4

Recorder's office of Monroe County, State of Indiana.

DESCRIPTION
Job #3960

A part of Seminary Lot No. 58 in Township 8 North, Range 1 West, in Monroe County, Indiana, bounded and described as follows, to-wit: Beginning at the Southwest corner of said Seminary Lot No. 58, thence North 03 degrees 02 minutes West for 100 feet; thence East 100 feet; thence South 03 degrees 02 minutes East 100 feet; thence West 100 feet and to the place of beginning, containing 0.23 acre, more or less; and,

ALSO, a part of Seminary Lot No. 58 in Township 8 North, Range 1 West, in Monroe County, Indiana, bounded and described as follows, to-wit: Beginning at a point that is 100 feet East of the Southwest corner of said Seminary Lot No. 58; thence North 03 degrees 02 minutes West 100 feet; thence West 100 feet; thence North 03 degrees 02 minutes West 100 feet; thence East 150 feet; thence South 03 degrees 02 minutes East 200 feet; thence West 50 feet and to the place of beginning, containing 0.46 acres, more or less.

This survey was executed according to survey requirements contained in Sections 1 through 19 of 865 IAC 1-12.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 18th day of June, 2002.

REPORT OF SURVEY
Job #3960

In accordance with **Title 865, 1-12-1 through 1-12-29** of the **Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement *(Theoretical Uncertainty)*;

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class A Survey (0.10 feet) as defined in IAC 865.

This survey was performed at the request of Dave Landis to set the corners on the property contained in Deed Record 433, Page 150 in the Office of the Recorder of Monroe County, Indiana.

MONUMENTS FOUND:

1. Railroad spike Southeast corner Seminary Lot 164, also being the Southeast corner Westpointe Subdivision, Phase I.
2. SQA cap as shown on the survey dated October 11, 1991 by SQA Job #1686.
3. Also found, recorded survey by Doug Curry May 8, 1989 given bearings & showing monuments set. Curry monuments were not found.

ESTABLISHMENT OF LINES AND CORNERS:

1. Held the railroad spike found as good. Set the South line of Seminary Lot 50 from the railroad spike to a point 14.50 feet South of SQA cap per survey.
2. Set subject Southeast & Southwest corners at record distance along South line as previously established.
3. Set the Northeast & Northwest corners at the bearing shown on the Curry Survey and at record distance. The bearing varied 00 degrees 01 minutes 19 seconds from record which makes a variance of 0.07 feet for the corners. This is within the tolerance of the survey.

As a result of the above observations, it is my opinion that the uncertainties in the location of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments; 0.1 feet in all directions.

Due to *discrepancies* in the record description; the bearing as discussed in item 3 above. No new description was prepared for this survey.

Due to *inconsistencies* on lines of occupation; gravel drives as shown.

Report of Survey
Job #062895

In accordance with Title 864, Chapter 12 of the IAC, a report of survey is required to explain procedures used in establishing the subject property lines and to provide an opinion regarding uncertainties in the final corner positions. These uncertainties can result from any of the following factors:

A. Availability and condition of reference monuments

The following monuments found on this survey were used to establish the subject property corners.

An iron pipe was found and used at the NE corner of Lot #1 of Embich's Subdivision.

An iron pipe was found and used at the NE corner of Lot #13.

An iron pipe was found and used on the west line of Embich's Subdivision near the SW corner of said subdivision.

The above mentioned iron pipes were used to establish the NW and SE corners of Embich's Subdivision.

The SE corner of Embich's and the iron pipe at the NE corner of Lot #1 establish the west right-of-way of Ransom Lane.

The stone, bolt, and rebar found in the area of Lots #4 and #5 exist too far west of the Ransom Lane right-of-way. Their relationship to the right-of-way is shown on the drawing. Their relationship in a north to south direction to the markers found and used on this survey has a relative relationship of +/- 1.3 feet.

B. Ambiguities in record descriptions or plat

The records used to establish the boundary are as follows:

D.R. 424, P. 28 (Bland)
D. R. 219, P. 409 (Jehovah's Witnesses)
D. R. 244, P. 500 (Jehovah's Witnesses)
Plat Cabinet B, Envelope 39 (Embich's Subdivision)
Deed Record N, P. 504 (Seminary Lots)
State Highway Plans as shown on the drawing.

The Seminary Lots Plat and the Embich's Subdivision Plat cause confusion as to what the distance between the north line of Lot #1 and the south line of Bland should be. Is this distance 40 feet as shown on Embich's Subdivision or is the distance 60 feet? The 60 feet is derived from adding the 40 feet on the subdivision plat and the 20 feet from the Seminary Lots Plat.

This survey has produced a legal description that goes between the south right-of-way of S.R. #45, the North line of Lot #1, the west right-of-way of Ransom Lane, and the deed dimensions of 188.50 feet and 162.35 feet as stated in Deed Record 424, Page 28. However, the ownership of the south 40 or 60 feet appears to not have clear title and legal work will be necessary to solve this problem.

C. Inconsistencies in lines of occupation

The NW corner of the asphalt parking lot on the Bland property protrudes over the west boundary line by +/- 2.0 feet.

The NE corner of the church parking lot protrudes over the boundary line by 0.5 feet.

A security light for the church exists 0.9 feet north of the boundary line.

The 8' by 6' shed shown on the drawing belongs to the church.

An overhead electric service main exists in the 40 foot right-of-way area.

A 30.2' by [illegible].4' metal building exists in the 40 foot right-of-way.

D. Theoretical Uncertainty

Due to the area covered and the random errors caused by survey instrument precision the theoretical uncertainty of all points in this survey is 0.5 feet. This meets the requirements of a Class "C" survey as defined in the survey standards.

DESCRIPTION
Job #0504

A part of Seminary Lots 159 & 160 as recorded in Plat Cabinet "C", Envelope 93, in the Office of the Recorder of Monroe County, Indiana, more particularly described as follows:

COMMENCING at the Northwest corner of said Seminary Lot 159; thence SOUTH 88 degrees 52 minutes 08 seconds EAST with the North line of said Lot 159, 463.34 feet to the point of beginning; thence SOUTH 88 degrees 52 minutes 08 seconds EAST with the North line of Lots 159 and 160, 531.98 feet to the Southwest line of a 100 foot strip conveyed by the Indiana Railroad Company to the City of Bloomington Board of Public Works, as recorded in Deed Record 431, page 620-623, in the Office of the Recorder of Monroe County, Indiana; thence SOUTH 39 degrees 52 minutes 41 seconds EAST with the Southwest line of said 100 foot strip, 533.86 feet to the East line of Lot 160; thence SOUTH 04 degrees 49 minutes 07 seconds EAST with the East line of Lot 160, 2.49 feet to the Southeast corner of Lot 160; thence NORTH 87 degrees 39 minutes 12 seconds WEST with the South line of Lots 160 and 159, 1322.03 feet to the Southwest corner of Lot 159; thence NORTH 02 degrees 31 minutes 55 seconds WEST (basis of bearings) with the West line of Lot 159, 187.24 feet; thence leaving said West line and through Lot 159 the following two (2) courses:

1. SOUTH 88 degrees 03 minutes 09 seconds EAST, 459.14 feet;
2. NORTH 01 degree 10 minutes 44 seconds WEST, 197.13 feet to the point of beginning, containing 8.31 acres, more or less.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 11th day of January, 1996.

REPORT OF SURVEY
Job #0504

BOOK 4 PAGE 425

In accordance with **Title 864, Article 1.1, Chapter 13, Section 1 through 34** of the **Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement *(Theoretical Uncertainty)*;

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class C Survey (0.50 feet) as defined in IAC 864.

This survey was performed at the request of The Odle McGuire & Shook Corporation. The subject property at the time of the survey is in two (2) parcels, both held by Monroe County Jail, Law Enforcement and Governmental Space Corporation in Warranty Deeds (Deed Record 427, page 277 and Deed Record 427, page 279).

Warranty Deed (Deed Record 427, page 279) was found to have a 2.95 foot misclosure.

Warranty Deed (Deed Record 427, page 277) was found to have a 1.00 foot misclosure.

Corners Found:

1. Two (2) 1" iron pipes were found monumenting the 38.35 foot call in the Deed Record 427, page 279 description.

2. Rebars were found on the West Pointe Phase III Subdivision.

3. Rebars were found on the West line of Waynes' Place Subdivision monumenting the West line of Seminary Lot 151.

4. Rebar were found along the North line of Warranty Deed (Deed Record 427, page 277).

Establishment of Lines and Corners:

The monuments found on Wayne's Place Subdivision were held to establish the Southwest corner of Seminary Lot 151.

The monuments on West Pointe Phase III were used to re-establish the Southwest corner of Seminary Lot 163.

The 1" iron pipes per Warranty Deed (Deed Record 427, page 279) were used to re-

Sheet 3 of 4

establish the Northwest corner of Seminary Lot 159.

The West line of Seminary Lot 159 was held between the Northwest corner as mentioned above and the Southwest corner of Seminary Lot 163. The 2.95 misclosure on Warranty Deed (Deed Record 427, page 279) was corrected to this line.

The West line of Seminary Lot 154 was held between the Northwest corner of Seminary Lot 159 and the Southwest corner of Seminary Lot 151 (Waynes' Place).

The North line of Seminary Lot 159 (South line of Seminary Lot 154) was held from monumentation on Warranty Deed (Deed Record 427, page 279). This line checked within 1.0 foot North-South of a disturbed 1" pipe monumenting the Southwest corner of Warranty Deed (Deed Record 200, page 102). This line checked within 1.5 feet East-West of the established Northwest corner of Seminary Lot 159.

The North line of Deed Record 427, page 277 was established 115 feet North of the North line of Seminary Lot 159.

The East line of Deed Record 427, page 277 was set at record holding the 172.33 foot call versus the 173.33 foot call.

Subject to the above observations, it is my opinion that the uncertainties in the location of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments; 1.0 foot North-South and 1.5 foot East-West on Seminary Lot 159 and from 1.44 South to 4.13 feet North on the North line of Deed Record 427, page 277 and from 1.0 foot to 4.0 feet East-West along the North line of Deed Record 427, page 277.

Due to *discrepancies* in the record description; 1.0 foot on Deed Record 427, page 277 and 2.95 feet on Deed Record 427, page 279.

Due to *inconsistencies* on lines of occupation; fences and walls along the North line of Deed Record 427, page 277 as shown.

Seminary Lot 15
Land Title Survey
Job No. 1859

SURVEYOR'S REPORT FOR PART OF SEMINARY LOT 15 JOB NUMBER 1859

1). In accordance with Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a). Variances in the reference monuments.
b). Discrepancies in the record descriptions and plats;
c). Inconsistencies in lines of occupation and,
d). Random Errors in Measurement Theoretical Uncertainty:

The theoretical uncertainty (due to random errors in measurement) of the corner of the subject tract established in this survey is written specifications for a Class B survey (0.25) feet as defined in I.A.C. 864.

Assumed basis of bearings between traverse control points.

This survey was performed at the request of Rick Harrison (Cotner, Andrews, Mann & Chapman, Attorneys At Law).

The subject property is currently recorded in Deed Record 285, page 356, as found in the office of the Recorder of Monroe County, Indiana.

This parcel is a part of the plat of Seminary Square & Lots as recorded in Plat Book "A", page 55 in the office of the Recorder of Monroe County, Indiana.

Deed and Plat Analysis:

The deeds which are of record for Seminary Lot 15 total a distance of 278.00 feet East-West. The platted dimension East-West is 275.00 feet showing a discrepancy of 2.12 feet. The deed distance North-South for the lots is 163.50 feet. The platted dimension is 157.74 feet showing a discrepancy of 5.76 feet.

Based on measured distance between monuments found and physical evidence of the streets and alleys, the following decisions were made regarding this survey. The back of curbs for 2nd Street, Madison Street, Howe Street and R.R. Street were located. Iron pins were found at the approximate location of the northeast, southeast and southwest corner of the Chandler deed (Deed Record 184, page 41 of said Monroe County). An iron pin was also found on the east side of Madison Street along the west line of Lot 18 of Howes Addition (as found in Plat Book 1, page 13, in the office of the Recorder, Monroe County, Indiana). The centerline of 2nd Street, Howe Street and Madison Street were established and checks to the iron pins were as follows from the centerline of Madison Street:

To the southwest corner of the Chandler deed, 27.02 feet measured; 33 feet of record.

To the southeast corner of the Chandler deed, 76.88 feet measured; 77.00 feet of record.

To the northeast corner of the Chandler deed, 75.99 feet measured; 77.00 feet of record.

To a point on the west line of Lot 18 in Howes Addition, 27.18 measured; 33.00 feet of record.

From the centerline of 2nd Street:

To the southwest corner of the Chandler deed, 132.14 measured; 135.85 feet of record.

To the southeast corner of the Chandler deed, 135.25 feet measured; 135.85 feet of record.

To the northeast corner of the Chandler deed, 193.14 feet measured; 196.50 feet of record...

From the centerline of the alley between Seminary Lot 15 and Howes Addition:

To the southeast corner of the Chandler deed, 88.81 feet measured; 88.90 feet of record.

To the centerline of 2nd Street, 201.41 feet measured: 204.75 feet of record.

To the centerline of Howe Street, 165.51 feet measured; 167.15 feet of record.

To the northeast corner of the Chandler deed, 8.71 feet measured; 8.25 feet of record.

To the southwest corner of the Chandler deed, 89.27 feet measured; 88.90 feet of record.

From the above measurements, the subject deed was re-established by setting the property line parallel to 2nd Street and prorating North-South from the alley to 2nd Street.

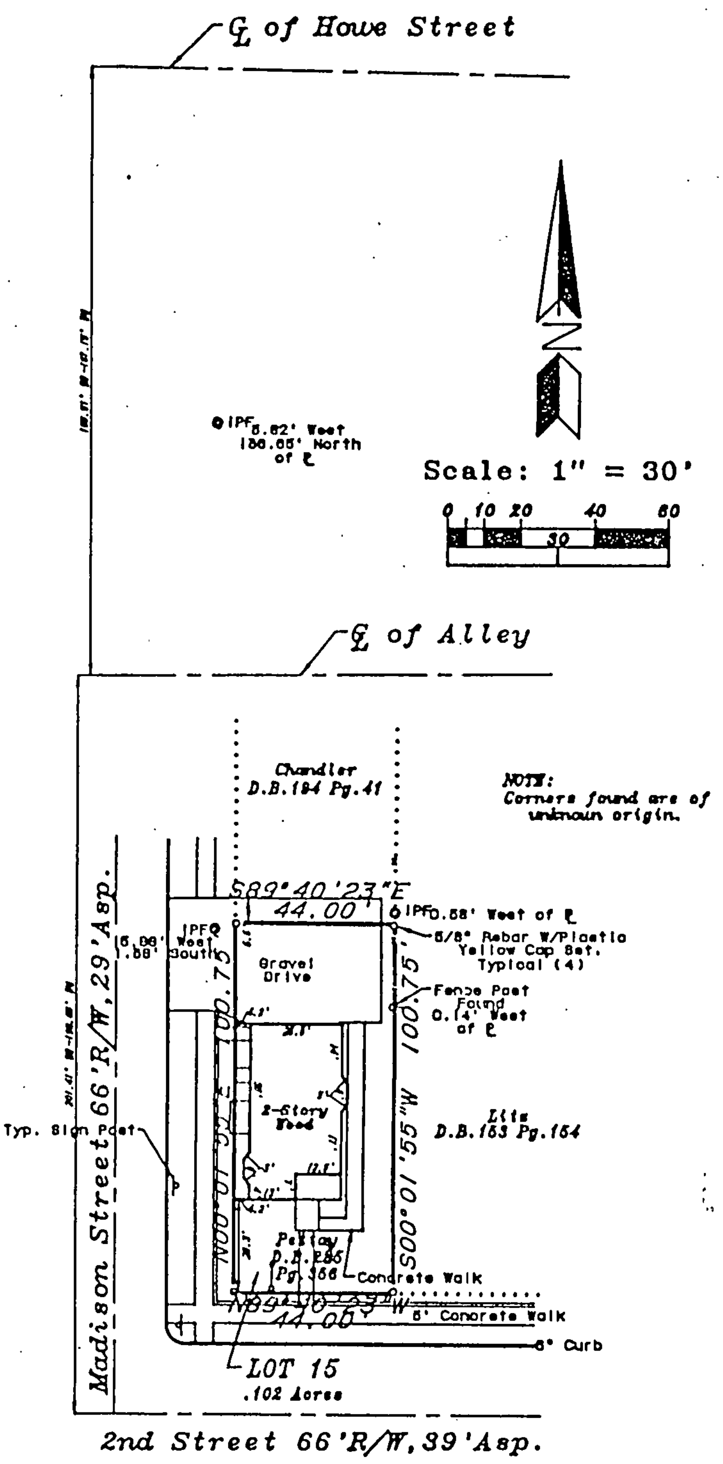
The East and West property lines were set at 33.00 feet and 77.00 feet respectively east from the centerline of Madison Street.

As a result of the above observations, it is my opinion that the uncertainties in the locations of lines and corners established on this survey are as follows:

Due to variances in reference monuments: up to 6.00 feet East-West and 3.00 feet North-South.

Due to discrepancies in the record descriptions: no discrepancies in subject tract and adjoiners, but as noted above on plat versus deed.

Due to inconsistencies in lines of occupation; fence as shown on survey.



DESCRIPTION FOR PART OF SEMINARY LOT 15 JOB NUMBER 1859

A part of Seminary Lot 15 in the City of Bloomington, Monroe County, Indiana, being a part of Section 5, Township 8 North, Range 1 West, more particularly described as follows:
BEGINNING at the southwest corner of said Seminary Lot 15 said point being marked by a 5/8 inch rebar; thence NORTH 00 degrees 01 minutes 55 seconds EAST along the west line of said Seminary Lot 15 a distance of 100.75 feet to a 5/8 inch rebar; thence SOUTH 88 degrees 40 minutes 23 seconds EAST 44.00 feet to a 5/8 inch rebar; thence SOUTH 00 degrees 01 minutes 55 seconds WEST 100.75 feet to the south line of Seminary Lot 15 and to a 5/8 inch rebar; thence NORTH 88 degrees 40 minutes 23 seconds WEST along said south line 44.00 feet to the point of beginning, containing 0.102 acres, more or less.

Standards observed and used on this project conform to Minimum Standard Detail Requirements for Indiana Land Title Surveys as adopted January 16, 1970 by Indiana Society of Professional Land Surveyors and as endorsed October 27, 1970.

Easements noted are as shown by Minnesota Title Insurance, Commitment Number T1288, dated November 18, 1991.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 27 day of January, 1992.

RECORDED
A.M. ____ P.M. 3:53
OCT 02 1989
RECORDER MONROE CO., IN

STATE OF INDIANA)
)SS:
COUNTY OF MONROE)

AFFIDAVIT

RAYMOND GRAHAM, being duly sworn upon his oath, states:

1. He is a Registered and Professional Engineer and Land Surveyor in the State of Indiana, R.P.E. 8409 and L.S. 9978.

2. At the request of Edward L. Rader and Dorothy L. Rader, he surveyed part of Seminary Lots 166 and 167 in Monroe County, Indiana. A copy of said survey is attached hereto and made a part hereof and is marked as Exhibit "A" (Rader property).

3. Prior to surveying the "Rader property", he had also surveyed the property immediately west belonging to William B. Milne and Frances W. Milne, which property (Milne property) is the first exception to the historical description of the "Rader property". A copy of the Milne Deed is attached hereto and made a part hereof and is marked as Exhibit "B".

4. The "Milne property" has 417.21 feet of frontage on Allen Street and the description begins from the northwest corner of Seminary Lot 166. The east line of the "Milne property" is evidenced by an old fence and a fence recently built by the Milnes.

5. Roy V. Franklin and Dixie Franklin are the owners of part of Seminary Lot 166 (Franklin property). A copy of the Franklin Deed is attached hereto and made a part hereof and is marked as Exhibit "C". The "Franklin property" is the third exception to the historical description of the "Rader property".

6. The "Franklin property" has 95.03 feet of frontage on Allen Street beginning from the northeast corner of Seminary Lot 166.

7. The historical description of the "Rader property" is Seminary Lot 166 and 167, less the exceptions. The "Rader property", after deleting the exceptions (Milne and Franklin), has 202.50 feet of frontage on Allen Street by survey. There are no encroachments or evidence of disputes as to the boundaries of any of the tracts, Rader, Milne or Franklin.

8. The Seminary Lots east of Walker Street had the same east/west dimension on the north and south lines of each lot, and said lots were essentially true north/south. Seminary Lots 56 through 60, immediately

east of Walker Street, did not have the same east/west dimensions, i.e. the south east/west dimension of Seminary Lot 56 is 563.5 feet and the north east/west dimension of Seminary Lot 59 is 708.5 feet. This, in part, explains the declension from north on Seminary Lots 166 and 167.

9. The historical descriptions of the "Rader property" by reference to the platting of Seminary Lots 166 and 167, would indicate that the "Rader property" has 130.262 of frontage on Allen Street, and 2.82 acres of area. The survey description indicates that the "Rader property" has 202.50 feet of frontage on Allen Street, and 4.73 acres, more or less, of area without encroachment. The only explanation known to this Affiant is that Seminary Lots 166 and 167 are approximately 72 feet wider (east/west dimension) than shown on the original platting.

FURTHER AFFIANT SAYETH NOT.

BOOK 3 PAGE 56

DESCRIPTION - Job #151

Part of Seminary Lot Number 72 in the City of Bloomington, Indiana, bounded and described as follows, to-wit: Beginning at a point 50 feet South of the North line of said Lot 72, and in line with the East line of Washington Street as platted in Ryor's Addition to the City of Bloomington, Indiana, said line being 334 feet East of the Northwest corner of said Lot 72; running thence South with the East line of said Washington Street 25 feet; thence East 132 feet; thence North 25 feet; thence West 132 feet to the place of beginning.

Part of Seminary Lot Number 72 in the City of Bloomington, Indiana, bounded and described as follows, to-wit: Beginning at a point on the North line of said Seminary Lot, 334 feet East of the Northwest corner of said Seminary Lot; running thence East 132 feet to the alley, thence South 50 feet; thence West 132 feet; thence North 50 feet to the place of beginning.

Part of Seminary Lot 72 in the City of Bloomington, Indiana, bounded as follows: Beginning at a point 75 feet South of the North line of said Lot Number 72 and in line with the East line of Washington Street as platted in Ryor's Addition to the City of Bloomington, Indiana, said line being 334 feet East of the Northwest corner of said Seminary Lot Number 72; running thence South with the East line of said Washington Street 85 feet, more or less, and to a point on said line due West of the Southwest corner of a two story building; thence East 132 feet; thence North 85 feet; thence West 132 feet to the place of beginning.

Also, a part of Seminary Lot Number 72 in the City of Bloomington, Monroe County, Indiana, described as follows: Beginning at a point that is 334.0 feet East and 75.0 feet South of the Northwest corner of the said Seminary Lot Number 72, said point being on the East line of South Washington Street, thence South, over and along the East line of South Washington Street, for a distance of 153.0 feet, and to the North line of an alley as platted in Allens Subdivision of a part of Seminary Lot Number 72, thence East, over and along the North line of the said alley, for a distance of 132.0 feet, and to the West line of a platted alley, thence North, over and along the West line of the said alley, for a distance of 153.0 feet, thence West for a distance of 132.0 feet, and to the place of beginning. EXCEPTING out part of Seminary Lot 72 in the City of Bloomington, Indiana, bounded as follows: Beginning at a point 75 feet South of the North line of said Lot Number 72 and in line with the East line of Washington Street as platted in Ryor's Addition to the City of Bloomington, Indiana, said line being 334 feet East of the Northwest corner of said Seminary Lot Number 72; running thence South with the East line of said Washington Street 85 feet, more or less, and to a point on said line due West of the Southwest corner of a two story building; thence East 132 feet; thence North 85 feet; thence West 132 feet to the place of beginning.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 6th day of May, 1993.

REPORT OF SURVEY - Job #151

In accordance with **Title 864, Article 1.1, Chapter 13, Section 1 through 34** of the **Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement *(Theoretical Uncertainty)*;

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 864.

This survey was performed at the request of the City of Bloomington Redevelopment.

The survey is four parcels located in part of Seminary Lot #72 in the City of Bloomington.

The parcels are currently of record as follows:
#92 Doran W. May, Deed record 355, page 453.
#93 Middle Way House, Deed record 407, page 677.
#94 Robert L. and Phyllis A. Johnson, Deed record 282, page 370.
#95 Robert L. and Phyllis A. Johnson, Deed record 282, page 370.

There were no overlaps or gaps between the record deeds.

The streets (Washington, Lincoln, Second and Smith Avenue) were as-built to determine the property lines. A search of the entire block produced no evidence of previous corners set.

The respective lines of the block measured as follows:
North line (along Smith Avenue); 299.14 (M) vs. 298.00 (R).
East line (Lincoln Street); 488.89 (M) vs. 488.00 (R).
South line (Second Street); 299.60 (M) vs. 298.00 (R).
West line (Washington Street); 490.21 (M) vs. 488.00 (R).

All tracts were prorated based on the above measurements.

As a result of the above observations, it is my opinion that the uncertainties in the locations of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments; 0.50 feet in all directions on all corners.

Due to *discrepancies* in the record descriptions; none.

Due to *inconsistencies* in lines of occupation; none.

REPORT OF SURVEY
Job 151

In accordance with Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) Variances in the reference monuments;
b) Discrepancies in record descriptions and plats;
c) Inconsistencies in lines of occupation and;
d) Random Errors in Measurement (Theoretical Uncertainty);

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 864.

This survey was performed at the request of the City of Bloomington Redevelopment.

The survey is four parcels located in part of Seminary Lot #72 in the City of Bloomington.

The parcels are currently of record as follows:
#92 Doran W. May, Deed record 355, page 453.
#93 Middle Way House, Deed record 407, page 677.
#94 Robert L. and Phyllis A. Johnson, Deed record 282, page 370.
#95 Robert L. and Phyllis A. Johnson, Deed record 282, page 370.

There were no overlaps or gaps between the record deeds.

The streets (Washington, Lincoln, Second and Smith Avenue) were as-built to determine the property lines. A search of the entire block produced no evidence of previous corners set.

The respective lines of the block measured as follows:
North line (along Smith Avenue); 299.14 (M) vs. 298.00 (R).
East line (Lincoln Street); 488.89 (M) vs. 488.00 (R).
South line (Second Street); 299.60 (M) vs. 298.00 (R).
West line (Washington Street); 490.21 (M) vs. 488.00 (R).

All tracts were prorated based on the above measurements.

As a result of the above observations, it is my opinion that the uncertainties in the locations of the lines and corners established on this survey are as follows:

Due to variances in reference monuments; 0.50 feet in all directions on all corners.

Due to discrepancies in the record descriptions; 4-5' on parcel 93 & 92 due to 85'+ call for dimension to the South wall line of 2 story block building.

Due to inconsistencies in lines of occupation; none.

SURVEYOR'S REPORT

NORMAN W. DECKARD

In accordance with Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code, the following observations and opinions are subnitted regarding the various uncertainties in the locations of the lines and corners extablished on this survey as a result of:
a) Variances in the reference monuments;
b) Discrepances in record descriptions and plats;
c) Inconsistencies in lines of occupation and;
d) Random errors in Measurement (Theoretical Uncertainty);

This report is for the retracement survey of two parts of Seminary Lot #16 in the City of Bloomington, Indiana, as described in Deed Record Book 462, pages 67 and 68, in the name of Norman W. Deckard.
Survey was requested by client Norman Deckard.

THEORETICAL UNCERTAINTY OF MEASUREMENT "Tu": The "Tu" of the corners of this parcel(s) are within the requirements for a Class "A" ("Tu"= +/- 0.25 feet) survey per IAC, Title 864 (Theoretical uncertainty of measurement is the radius of a circle which circumscribes an area containing the probable true location of a specified point as determined by the precision of instruments and procedures employed in the performance of a survey).

Purpose of this Survey was to locate or establish land boundaries. Easements, rights-of-way, setback/building lines, covenants, restrictions, utilities, flood plains, topographic features and etc. were intentionally excluded from this plat.

In doing this survey I found monumentation along north side of alley north of Seminary Lots #16 and #17. I checked on North between Morton Street and College Avenue to the South line of Seminary #27 and found west lot corners. Did not find any monumentation on east end of lots except for the notch in back of walk at southeast corner of Sem. #29. I used the West end of these lots, or the east right of-way line of Morton Street to extend line South to the north right of way line of Second Street. Used existing monumentation along both sides of Second Street to establish north right of way line. This line varies by 0.2 feet to the north or 0.6 feet to the south of the line as I established it.

As a result of the above observations, it is my opinion that the uncertainties in the locations of the lines and corners established on this survey are as follows:
a) Due to Variances in reference monuments: 0.6 feet along south line and 3.75 feet along the north line.
b) Due to Discrepancies in the record Plat: None as I have accepted existing information on Seminary Lots and accepted description as being property between north right of way line of Second Street and south line of alley as is now monumented.
c) Due to Inconsistencies in lines of occupation: None

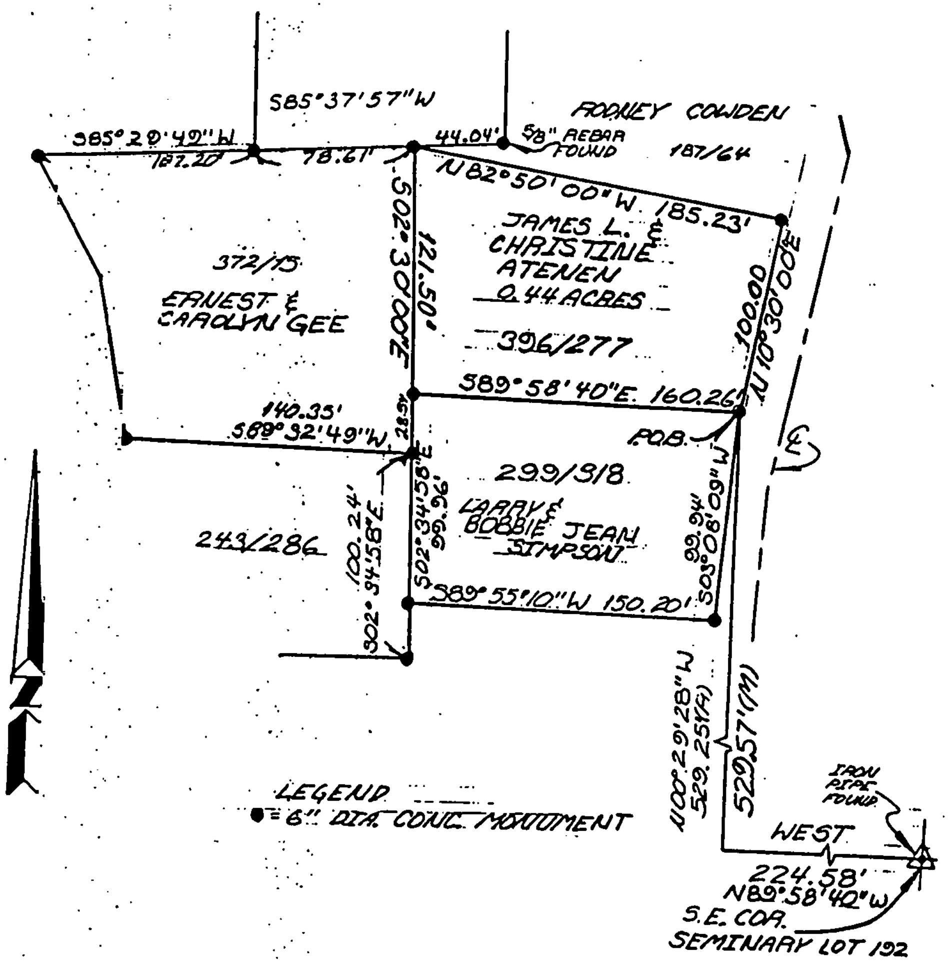
JOB NO. 1943
CLAIR GEE



PAGE 1 OF 4

SURVEYOR'S REPORT FOR
PART OF SEMINARY LOT 192
JOB NUMBER 1943

1). In accordance with Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

- a). **Variances** in the reference monuments;
- b). **Discrepancies** in the record descriptions and plats;
- c). **Inconsistencies** in lines of occupation and;
- d). **Random Errors** in Measurement Theoretical Uncertainty;

The theoretical uncertainty (due to random errors in measurement) of the corner of the subject tract established in this survey is written specifications for a Class B survey (0.25) feet as defined in I.A.C. 864.

The property is located in a part of Seminary Lot 192 in the City of Bloomington, Indiana.

This survey was undertaken at the request of Clair Gee.

The description of the property as provided by the records of the Recorder of Monroe County, Indiana, under James L. Antenen and Christine A. Antenen, Deed Record 396, page 277.

Corners found on this survey are as follows:

Southeast corner of Seminary Lot 192; 3/4 inch iron pipe (bent over).
All corners of the subject property; 6 inch concrete monuments.
All other monuments as shown on the survey.

Deed Analysis:

There were no apparent deed overlaps, gaps or other discrepancies.

Establishment of Lines:

All monuments found on the subject tract were held good. There was an iron pipe found at the commencing point. It was found to be 529.57 feet (measured) compared to 529.25 feet (record) south and 224.58 feet (measured and record) east of the point of beginning.

As a result of the above observations, it is my opinion that the uncertainties of the locations of lines and corners established on this survey are as follows:

Due to **discrepancies** in record descriptions; none.

Due to **inconsistencies** in lines of occupation; none.

Due to **variances** in reference monuments; 0.32 feet.

DESCRIPTION FOR
PART OF SEMINARY LOT 192
JOB NUMBER 1943

A part of Seminary Lot 192 being a part of the southeast quarter of Section 6, Township 8 North, Range 1 West, Monroe County, Indiana, being more particularly described as follows:
COMMENCING at the southeast corner of the said Seminary Lot 192, said corner being a 3/4 inch iron pipe; thence NORTH 89 degrees 58 minutes 40 seconds WEST 224.58 feet; thence NORTH 00 degrees 29 minutes 28 seconds WEST 529.57 feet to the point of beginning, said point being a 6 inch diameter concrete monument; thence NORTH 10 degrees 30 minutes 00 seconds EAST 100.00 feet to a 6 inch diameter concrete monument; thence NORTH 82 degrees 50 minutes 00 seconds WEST 185.23 feet to a 6 inch diameter concrete monument; thence SOUTH 02 degrees 30 minutes 00 seconds EAST 121.50 feet to a 6 inch diameter concrete monument; thence SOUTH 89 degrees 58 minutes 40 seconds EAST 160.26 feet to the point of beginning, containing 0.44 acres, more or less.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 10th day of July, 1992.

TRACT 1

A part of Seminary Lot 60 in the City of Bloomington, more particularly described as follows:

COMMENCING at the Southeast corner of said Seminary Lot 60 marked by a 5/8-inch rebar with yellow cap; thence SOUTH 87 degrees 56 minutes 57 seconds WEST (basis of bearing per DMR Medical Park Plat, Plat Cabinet "C", Envelope 44) along the South line of said Seminary Lot, 171.00 feet to the point of beginning, marked by a 5/8-inch rebar with yellow cap; thence continuing SOUTH 87 degrees 56 minutes 57 seconds WEST, along said South line, 66.00 feet to a 5/8-inch rebar with yellow cap; thence NORTH 01 degree 49 minutes 47 seconds WEST, a distance of 165.00 feet to a 5/8-inch rebar with yellow cap on the South line of the DMR Medical Park; thence NORTH 87 degrees 56 minutes 57 seconds EAST, along said South line 66.00 feet to a 5/8-inch rebar with yellow cap; thence SOUTH 01 degree 49 minutes 47 seconds EAST, a distance of 165.00 feet to the point of beginning, containing 0.25 acres, more or less.

TRACT 2

A part of Seminary Lot 60 in the City of Bloomington, more particularly described as follows:

COMMENCING at the Southeast corner said Seminary Lot 60 marked by a 5/8-inch rebar with yellow cap; thence SOUTH 87 degrees 56 minutes 57 seconds WEST (basis of bearing per DMR Medical Park Plat, Plat Cabinet "C", Envelope 44) along the South line of said Seminary Lot, 114.00 feet to the point of beginning; thence continuing SOUTH 87 degrees 56 minutes 57 seconds WEST, along said South line, 57.00 feet to a 5/8-inch rebar with yellow cap; thence NORTH 01 degree 49 minutes 47 seconds WEST a distance of 165.00 feet to a 5/8-inch rebar with yellow cap on the South line of the DMR Medical Park; thence NORTH 87 degrees 56 minutes 57 seconds EAST, along said South line 57.00 feet; thence SOUTH 01 degree 49 minutes 47 seconds EAST, a distance of 165.00 feet to the point of beginning, containing 0.22 acres, more or less.

TRACT 3

A part of Seminary Lot 60 in the City of Bloomington, more particularly described as follows:

COMMENCING at the Southeast corner of said Seminary Lot 60 marked by a 5/8-inch rebar with yellow cap; thence SOUTH 87 degrees 56 minutes 57 seconds WEST (basis of bearing per DMR Medical Park Plat, Plat Cabinet "C", Envelope 44) along the South line of said Seminary Lot, 57.00 feet to the point of beginning; thence continuing SOUTH 87 degrees 56 minutes 57 seconds WEST, along said South line, 57.00 feet; thence NORTH 01 degree 49 minutes 47 seconds WEST, a distance of 165.00 feet to the South line of the DMR Medical Park; thence NORTH 87 degrees 56 minutes 57 seconds EAST, along said South line 57.00 feet; thence SOUTH 01 degree 49 minutes 47 seconds EAST, a distance of 165.00 feet to the point of beginning, containing 0.22 acres, more or less.

TRACT 4

A part of Seminary Lot 60 in the City of Bloomington, more particularly described as follows:

BEGINNING at the Southeast corner of said Seminary Lot 60 marked by a 5/8-inch rebar with yellow cap; thence SOUTH 87 degrees 56 minutes 57 seconds WEST (basis of bearing per DMR Medical Park Plat, Plat Cabinet "C", Envelope 44) along the South line of said Seminary Lot, 57.00 feet; thence NORTH 01 degree 49 minutes 47 seconds WEST, a distance of 165.00 feet to the South line of the DMR Medical Park; thence NORTH 87 degrees 55 minutes 57 seconds EAST, along said South line 57.00 feet to a 5/8-inch rebar with yellow cap; thence SOUTH 01 degree 49 minutes 47 seconds EAST, a distance of 165.00 feet to the point of beginning, containing 0.22 acres, more or less.

This survey was executed according to survey requirements contained in Sections 1 through 19 of 865 IAC 1-12.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 21st day of January, 1999.

REPORT OF SURVEY
#2469

In accordance with **Title 865, 1-12-1 through 1-12-29** of the **Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement *(Theoretical Uncertainty)*;

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 865.

This survey was performed at the request of Michael Chambley with Miller Architects on behalf of the owner. The survey was done to monument the corners of the deed. There are four tracts contained in three deeds. They are in the name of 1000 West, LLC (Deed Record 476, page 338 and Deed Record 477, page 217) and Caitilin Kelly (Deed Record 372, page 211).

MONUMENTS FOUND:

1. Southeast corner Lot 1 and corner on Lot 2 of DMR Medical Park; rebar/cap (Curry)

2. Stones and rebars found on survey by Curry Job #109010

3. As-built location of the centerline of First Street

ESTABLISHMENT OF LINES AND CORNERS:

1. Held the Curry cap found at the Southeast corner of Lot 1, DMR Medical Park for our Northeast corner. Set the North line from this point along a line to the found rebar on Lot 2 of said DMR Medical Park. Held record distance for all four tracts.

2. Set East line from Northeast corner previously established along the prolongation of line from stone monuments found to the North. Set Southeast corner at record distance of 165.00 feet.

3. Set South line parallel to the North line at record distance and set West line parallel to East line at record distance.

Subject to the above observations, it is my opinion that the uncertainties in the location of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments; 1.23 feet in North-South direction, 0.25 feet in East-West direction.

Due to *discrepancies* in the record description; None.

Due to *inconsistencies* on lines of occupation; None.

Report of Survey
Swifty Oil Boundary
Job #0048

Bledsoe Tapp & Co., Inc.
-Quality Land Surveying and Design Services-

In accordance with **Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code**, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

a) *Variances* in the reference monuments;
b) *Discrepancies* in record descriptions and plats;
c) *Inconsistencies* in lines of occupation and;
d) *Random Errors* in Measurement *(Theoretical Uncertainty)*;

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 864.

This survey was performed at the request of Ted Griffith on behalf of Swifty Oil.

The survey is a part of Seminary Lots 152 & 145 to the City of Bloomington, Monroe County, Indiana.

The deed (Book 313, page 348) is in the name of CFC, Inc. with an unrecorded lease agreement to Swifty Oil.

Corners Found:
- Southeast corner of Seminary Lot 153, rebar.
- Northwest corner of Medical Offices plat, iron pipe.
- Northwest corner of CFC, Inc. property (DR 313, page 348), rebar.
- Right-of-Way stakes for new right-of-way take by City of Bloomington, wood hubs.

Deed Analysis:
The subject deed for the lease agreement has a misclosure of 6'. The acreage computed 0.289 acres (as corrected description).

The description has been modified in order to utilize existing monumentation and controlling calls in the original description.

There exists a 7' gap between the monuments for the right-of-way take by the City of Bloomington and the description. The right-of-way monuments (wooden hubs) are in conflict with monumentation found to the south on the Medical Offices plat.

Establishment of Lines;
East Line - The Northeast corner was set on the South right-of-way of 2nd Street (30' r/w) and 10' west of the prolongation of the East line of Seminary Lots 152, 153 and 145. The Southeast corner was set at the record distance south of the South right-of-way of 2nd Street and 10' west of the prolongation of said Seminary Lots.

South Line - The Southwest corner was set at record distance from the Southeast corner on a line parallel with the South line of Seminary Lot 152.

North Line - The Northwest corner was set at the record distance on the South right-of-way line of 2nd Street.

West Line - Set between the Southwest and Northwest corners previously described. The distance along this line was modified from the original description to allow the description to close.

As a result of the above observations, it is my opinion that the uncertainties in the locations of the lines and corners established on this survey are as follows:

Due to *variances* in reference monuments, 7' in east-west direction. Discrepancy from proposed right-of-way monuments to existing monuments on Medical Offices plat.

Due to *discrepancies* in record information, 6' from deed misclosure.

Due to *inconsistencies* in lines of occupation, none.

Swifty Oil Description
Job #0048

A part of Seminary Lots 145 and 152 to the City of Bloomington, in Monroe County, Indiana, being more particularly described as follows:

Commencing at the Northeast corner of Seminary Lot 153; thence NORTH 07 degrees 04 minutes 09 seconds WEST along the East line of Seminary Lot 152 a distance of 305.94 feet; thence SOUTH 86 degrees 15 minutes 15 seconds WEST 10.02 feet to a 5/8" rebar and the point of beginning; said point being on the West right-of-way of Walker Street; thence continuing SOUTH 86 degrees 15 minutes 15 seconds WEST parallel with the South line of Seminary Lot 152 130.10 feet to a 5/8" rebar; thence NORTH 12 degrees 15 minutes 13 seconds WEST 83.93 feet to the South right-of-way of State Road 45 and a p.k. nail; said point being on a non-tangent curve concave to the south and having a radius bearing SOUTH 17 degrees 17 minutes 43 seconds EAST 660.22 feet; thence northeasterly through a central angel of 11 degrees 58 minutes 30 seconds a distance of 137.99 feet to a p.k. nail at the intersection of the South right-of-way of State Road 45 and the West right-of-way of Walker Street; thence SOUTH 07 degrees 04 minutes 09 seconds EAST along the said West right-of-way 99.77 feet to the point of beginning, containing 0.289 acres, more or less.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.
Evidence of easements have not been located in the field and are not shown on this survey drawing. Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was prepared in office from record information either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

Certified this 30th day of December, 1992.

SURVEYOR'S AFFIDAVIT

STATE OF INDIANA)
)SS:
COUNTY OF MONROE)

Gary Cobb, being first duly sworn upon his oath, deposes and says:

1. That he is a registered land surveyor RLS Indiana S8377;

2. That Daniel Steinmetz took title to the following described real estate by deed from Roland Nobis dated December 20, 1985, recorded January 9, 1986 in Deed Record 321, pages 385-387, in the office of the Recorder of Monroe County, Indiana.

Tract 1

RECORDED
A.M. 11:35 P.M.
MAR 03 1993
Recorder
RECORDER MONROE CO., IN

A part of Seminary Lot Number One Hundred Fifty-four (154) near the City of Bloomington, in Monroe County, Indiana, bounded as follows, to-wit: Beginning at a point on the South right-of-way line of State Highway #45 measuring Five (5) feet South and One Hundred Six and Seventy-five Hundredths (106.75) feet South eighty-five (85) degrees three (03) minutes East of the Northwest corner of said Seminary Lot; thence South and parallel with the East line of the Highway known as Adams Street running North and South along the West boundary line of said Seminary Lot for One Hundred (100) feet; thence North eighty-five (85) degrees three (03) minutes West and parallel to the South right-of-way line of said State Highway #45 for One Hundred (100) feet to a point on the East line of Adams Street measuring One Hundred Five (105) feet South from the Northwest corner of said Seminary Lot measuring along the West line thereof; thence running South on and along the East line of said Highway known as Adams Street and the West line of said Seminary Lot for One hundred Forty-eight (148) feet and to the North line of that part of said Seminary Lot conveyed by Frank Groh and Sara Groh, husband and wife, to Marion Hendricks and Gladys Hendricks, husband and wife, by deed dated June 26, 1948, as shown in Deed Record 105, page 78, in the office of the Recorder of Monroe County, Indiana; thence East along said North line One Hundred Fifty-eight and One-half (158 1/2) feet; thence North Two Hundred Forty-eight (248) feet to the center of the driveway referred to in Deed executed by Frank Groh to Marion Hendricks and Gladys Hendricks, husband and wife, dated January 16, 1952, and recorded in Deed Record 111 at pages 185-186 in the office of the Recorder of Monroe County, Indiana; thence West Fifty-one and Twenty-five Hundredths (51.25) feet, more or less, to the point of beginning.

Subject to an easement for the use of a driveway Fifteen (15) feet in width over and across the entire East side of the above-described lot as a means of ingress and egress to adjoining land.

Tract 2

A part of Seminary Lot Number One Hundred Fifty-four (154) in Monroe County, Indiana, described as follows, to-wit: Beginning at a point Five (5) feet South and Six and Seventy-five Hundredths (6.75) feet East of the Northwest corner of said Lot Number One Hundred Fifty-four (154); thence along the South right-of-way line of State Highway No. 45 South eighty-five (85) degrees three (03) minutes East for a distance of One Hundred (100) feet; thence South and parallel with the present East line of Adams Street for a distance of One Hundred (100) feet; thence North eight-five (85) degrees three (03) minutes West and parallel to the South right-of-way line of State Highway No. 45 for a distance of One Hundred (100) feet to a point on the East line of Adams

Street; thence North along the East line of Adams Street for a distance of One Hundred (100) feet to the place of beginning; together with all rights, reversionary or otherwise, in the abutting highway. street and any alley.

Tract 3

A part of Seminary Lot Number One Hundred Fifty-four (154) in Monroe County, Indiana, described as follows, to-wit: Beginning at a point on the North line of said Lot Number One Hundred Fifty-four (154), measuring One Hundred Forty-eight and One-half (148 1/2) feet East of the Northwest corner thereof, and on the centerline of an existing driveway; running thence South Two Hundred Fifty-three (253) feet; thence East Sixty-six (66) feet; thence North Two Hundred Fifty-three (253) feet, and to the North line thereof; thence running West on said North line Sixty-six (66) feet and to the point of beginning.

3. That he prepared a survey of the real estate under date of February 18, 1993 more particularly describing said real estate as follows:

A part of Seminary Lot No. 154 in the City of Bloomington, in Monroe County, Indiana, bounded and described as follows: Beginning at a point that is 5.00 feet South and 6.75 feet East of the Northwest corner of said Seminary Lot No. 154; thence running East for 141.75 feet; thence North 04 degrees 57 minutes West for 5.00 feet to a point 148.50 feet east of the northwest corner of said Seminary lot; thence East for 66.00 feet, thence South 04 degrees 57 minutes East for 253.00 feet; thence West for 207.75 feet and to the apparent right-of-way of Adams Street; thence along said right-of-way North 04 degrees 57 minutes West for 248.00 feet and to the point of beginning. Containing in all 1.19A, more or less.

4. That the real estate described as Tracts 1, 2, and 3 in the above-described deed in Item 2 above is one and the same as the real estate described in the survey dated February 18, 1993, prepared by Gary Cobb, RLS Indiana S8377, described in item 3 above.

Further, affiant saith not.

SURVEYOR'S REPORT
FOR
ROGERS PROPERTY MANAGEMENT

In accordance with Title 865, Article 1.1, Chapter 12 (formerly Rule 13) Sections 1 through 34 of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties in the location of lines and corners established on this survey as a result of:

A). (Variances) in the reference monuments
B). (Discrepancies) in the record description and plats
C). (Inconsistencies) in lines of occupation and:
D). (Random Errors) in measurement (theoretical uncertainty)

The theoretical uncertainty (due to random errors in measurement) of the corner of the subject tract established in this survey is within specification for a Class "B" survey (+/- 0.25 feet) as defined in I.A.C. 865.

SUBJECT PROPERTY:

An ALTA survey was performed on the property owned by Rogers Property Management L.L.P. (D. R. 348, Pg. 68, D. R. 336, Pg. 372 and D. R. 424, Pg. 477) in the office of the Recorder of Monroe County, Indiana. This property is located in Seminary Lot 38 in the City of Bloomington, Indiana.

REFERENCE MONUMENTS:

1). A ⅝" rebar was found at the northwest corner of out Lot 8 and on the south right-of-way of 1st Street. This rebar was accepted and held.

2). A railroad spike was found on the south right-of-way of 1st Street and on the west side of an alley. This spike was accepted and held. The variance between record vs. measured between said corner and the corner described in Line #1 is 16.50 vs. 16.48, respectively.

3). A railroad spike was found marking [illegible] point of said alley. This spike was accepted and held. The variance between record vs. measured between said spike and the spike [illegible] respectively.

4). A railroad spike was found marking the northeast corner of (D. R. 126, Pg. 185) and the south line of said alley. This spike was accepted and held. The variance between record vs. measured between said spike and the spike described in Line #3 is 225.00 vs. 224.96, respectively.

5). The back of the sidewalk running north and south was found to be on the east right-of-way of Rogers Street. The back of the sidewalk was accepted and held as said east right-of-way. The variance between record vs. measured between said walk and the spike described in Line #2 is 407.21 vs. 406.98, respectively.

LINES OF OCCUPATION:

1). A curb line was found running east and west along the north line of D. R. 376, Pg. 372. This curb line is 0.22 - 1.77 feet south of said north line. No uncertainties are associated with this line.

2). A chain link fence was found running east and west along the west line of D. R. 376, Pg. 372. This fence is 7.33 - 9.50 feet north of said west line. No uncertainties are associated with this line.

3). A chain link fence was found running east and west along D. R. 424, Pg. 477. This fence is 0.40 feet south - 1.74 feet north of said north line. No uncertainties are associated with this line.

4). A chain link fence was found running north and south along the west line of (D. R. 424, Pg. 477). This fence is 1.08 - 1.98 feet east of said west line. No uncertainties are associated with this line.

5). A wood privacy fence was found running north and south along the east line of (D. R. 348, Pg. 68). The fence is 5.31 - 5.65 feet east of said east line. No uncertainties are associated with this line.

6). A wood privacy fence was found running east and west along the north line of (D. R. 348, Pg. 68). This fence is 0.40 - 1.30 feet north of said north line. No uncertainties are associated with this line.

7). A sidewalk running north and south along the west line of (D. R. 336, Pg. 372 and D. R. 348, Pg. 68). This sidewalk is 0.00 - 0.09 feet east of said west line. No uncertainties are associated with this line.

RECORD DESCRIPTIONS:

1). No descrepancies were found with the record description of the subject property.

2). Some uncertainties are associated with the adjacent descriptions due to the lead in calls call from different corner of Seminary Lot 38.

The within survey was performed without benefit of source of title and is subject to any statement of facts revealed by the same.

Easements have been located in the field and prepared with this survey drawing. The qualification will be removed upon receipt and inspection of current title work.

RECORD LEGAL DESCRIPTION
FOR
ROGERS PROPERTY MANAGEMENT, ALTA

TRACT 1: A part of Seminary Lot Number 38 in the City of Bloomington, Indiana, bounded and described as follows, to-wit: Beginning at a point that is 388.50 feet South of the Northwest corner of said Seminary Lot No. 38 and on the East right-of-way of Rogers Street; thence running South and with said right-of-way for 52.14 feet; thence East for 150.00 feet; thence North for 52.14 feet; thence West for 150.00 feet and to the Point of Beginning.

TRACT 2: A part of Seminary Lot 38 in Bloomington, Indiana, described as follows: Beginning at a point that is 164.00 feet South of the North line of said Seminary Lot 38 and [illegible] feet East of the West line of said Seminary Lot 38, said point being on the East right-of-way of South Rogers Street; thence South 89 degrees 42 minutes East (assumed bearing) parallel to the North line of said Seminary Lot 38 for a distance of 109.00 feet; thence South, parallel to the West line of said Seminary Lot 38, for a distance of 14.50 feet; thence South 89 degrees 42 minutes East for a distance of 54.65 feet; thence South for a distance of 37.64 feet; thence North 89 degrees 42 minutes West for a distance of 16.44 feet; thence South for a distance of 120.00 feet; thence South 89 degrees 42 minutes East for a distance of 177.79 feet; thence South for a distance of 104.28 feet; thence North 89 degrees 42 minutes West for a distance of 175.00 feet; thence North for a distance of 52.14 feet; thence North 89 degrees 42 minutes West for a distance of 150.00 feet to a pint on the East right-of-way of aforesaid South Rogers Street; thence North over and along the East right-of-way of said South Rogers Street for a distance of 224.28 feet to the place of beginning., containing 1.182 acres, more or less

TRACT 3: Lot Number Fourteen (14) and Fifteen (15) in the Stull Addition to the City of Bloomington, Indiana, as shown by the recorded plat thereof.

TO: Rogers Property Management, LLP, Bank One, N.A., Old Republic National Title Insurance Company.

Easements have been located as per Old Republic National Title Insurance Company; Title Commitment Number 99-229.

SURVEY LEGAL DESCRIPTION
FOR
ROGERS PROPERTY MANAGEMENT, ALTA

TRACT #1: A part of Seminary Lot #38 in the City of Bloomington, Indiana, being more particularly described as follows:

COMMENCING at the northwest corner or Seminary Lot #38; thence NORTH 89 degrees 49 minutes 37 seconds East 27.79 feet to the east right-of-way of Rogers Street; thence SOUTH 00 degrees 30 minutes 30 seconds East along said right-of-way 387.74 feet to a ⅝" rebar with cap set at the Point of Beginning; thence continuing SOUTH 00 degrees 30 minutes 30 seconds East along said east right-of-way 52.14 feet to a ⅝" rebar with cap set; thence NORTH 89 degrees 49 minutes 40 seconds East 150.00 feet to a ⅝" rebar with cap set; thence NORTH 00 degrees 30 minutes 30 seconds West 52.14 feet to a ⅝" rebar with cap set; thence SOUTH 89 degrees 49 minutes 40 seconds West 150.00 feet to the POINT OF BEGINNING, containing 0.18 acres, more or less.

TRACT #2: A part of Seminary Lot #38 in Bloomington, Indiana, being more particularly described as follows:

COMMENCING at the northwest corner of said Seminary lot; thence NORTH 89 degrees 49 minutes 40 seconds East along the north line of said Seminary lot 27.79 feet to the east right-of-way of Rogers Street; thence SOUTH 00 degrees 30 minutes 30 seconds EAST along said right-of-way 164.00 feet to a ⅝" rebar with cap set and the POINT OF BEGINNING; thence NORTH 89 degrees 49 minutes 40 seconds East parallel to the north line of said Seminary Lot 38 109.00 feet to a Rebar set; thence SOUTH 00 degrees 30 minutes 30 seconds East parallel to the east right-of-way of Rogers Street 14.50 feet to a MAG Nail set; thence NORTH 89 degrees 49 minutes 40 seconds East 54.65 feet to a ⅝" rebar with cap set; thence SOUTH 00 degrees 30 minutes 30 seconds East 37.64 feet to a ⅝" rebar with cap set; thence SOUTH 89 degrees 49 minutes 40 seconds West 16.44 feet; thence SOUTH 00 degrees 30 minutes 30 seconds East 119.46 feet to a ⅝" rebar with cap set; thence NORTH 89 degrees 49 minutes 40 seconds East 177.79 feet to a ⅝" rebar with cap set; thence SOUTH 00 degrees 30 minutes 30 seconds East 104.28 feet to a mag nail; thence SOUTH 89 degrees 49 minutes 40 seconds West 175.00 feet to a ⅝" rebar with cap set; thence NORTH 00 degrees 30 minutes 30 seconds West 52.14 feet to a ⅝" rebar with cap set; thence SOUTH 89 degrees 49 minutes 40 seconds West 150.00 feet to a ⅝" rebar with cap set; thence NORTH 00 degrees 30 minutes 30 seconds West 223.74 feet to the POINT OF BEGINNING, containing 1.18 acres, more or less.

TRACT #3: Lot Number Fourteen (14) and Fifteen (15) in the Stull Addition to the City of Bloomington, Indiana, as shown by the recorded plat thereof, containing 0.29 acres, more or less.

The subject real estate does not lie within the 100 year flood plain according to the F.E.M.A. flood hazard map Community Panel Number 180169 0625 C, dated June 17, 1991.

This is to certify that this map or plat and the survey on which it is based were made in accordance with "Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys", jointly established and adopted by ALTA and ACSM in 1992 and includes items (N/A) of Table "A" thereof, and pursuant to the Accuracy Standards (as adopted by ALTA and ACSM and in effect on the date of this certification) of an Urban Survey. The description shown hereon is the same as or lies entirely within the record description.

Certified this 24 day of July, 2000.

REPORT OF SURVEY

In accordance with Title 865, Chapter 12 of the Indiana Administrative Code, a report of survey is required to explain procedures used in establishing the subject property lines and to provide an opinion regarding uncertainties in surveyed property lines.

The following procedures were used to establish the subject property lines.

1. The west line of the subject parcel was established by a previous survey by this company that was recorded in Survey Book 4, page 15.
2. The north line of the subject parcel was established at deed distance (354/413) from the south line of the survey mentioned in item 1.
3. The east and south lines were established at deed distance from the previously established north and west lines.

Uncertainties in the boundary positions may result from any or all of the following factors:

A. Availability and Condition of Reference Monuments

Location and condition of monument are shown on the plat. Monuments are in good condition unless otherwise noted.

B. Ambiguities in Record Description

The deeds to the east leave a gap between the east line of the subject parcel where an unplatted physical alley exists. This gap varies from 8 to 12 feet depending on east-west deed dimensions.

C. Inconsistencies in Lines of Occupation

Generally, occupation lines fit with the deed lines.

D. Theoretical Uncertainty

Due to random errors caused by survey instrument precision and survey field methods used, the theoretical uncertainty of all points in this survey is 0.10 feet, which meets the requirements of a Class "A" survey as defined in the survey standards. This means that the actual field position of all points in this survey is within this uncertain distance from the theoretical point locations as shown on the survey plat.

REPORT OF SURVEY
Job #151

In accordance with Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code, the following observations and opinions are submitted regarding the various uncertainties in the locations of the lines and corners established on this survey as a result of:

- a) Variances in the reference monuments;
- b) Discrepancies in record descriptions and plats;
- c) Inconsistencies in lines of occupation and;
- d) Random Errors in Measurement (Theoretical Uncertainty);

The Theoretical Uncertainty (due to random errors in measurement) of the corners of the subject tract established this survey is within the specifications for a Class B Survey (0.25 feet) as defined in IAC 864.

This survey was performed at the request of the Middle Way House.

The deeds are in the name of Middle Way Transitional Housing L.P. and recorded in DR 457, PG 641 and DR 439, PG 631-632.

There were no overlaps or gaps between the record deeds.

The streets (Washington, Lincoln, Second and Smith Avenue) were as-built to determine the property lines. A search of the entire block produced no evidence of previous corners set.

The respective lines of the block measured as follows:
North line (along Smith Avenue): 299.14 (M) vs. 298.00 (R).
East line (Lincoln Street): 488.89 (M) vs. 488.00 (R).
South line (Second Street): 299.60 (M) vs. 298.00 (R).
West line (Washington Street): 490.21 (M) vs. 488.00 (R).

All tracts were prorated based on the above measurements.

As a result of the above observations, it is my opinion that the uncertainties in the locations of the lines and corners established on this survey are as follows:

Due to variances in reference monuments: 0.25 feet in all directions on all corners.

Due to discrepancies in the record descriptions: none.

Due to inconsistencies in lines of occupation: none.

NOTE:

1.) 5/8" REBAR/CAP SET STAMPED BLEDSOE TAPP PC50920004.

2.) THE BOUNDARIES FOR THIS SURVEY WERE BASED ON A PREVIOUS SURVEY BY BLEDSOE TAPP & RIGGERT DATED MAY 6 th, 1993, AND THE LEGAL DESCRIPTION

DESCRIPTIONS OF RECORD PER RECORDED DEEDS

TRACT 1

Part of Seminary Lot Number 72 in the City of Bloomington, Indiana, bounded and described as follows, to-wit: Beginning at a point on the North line of said Seminary Lot, 334 feet East of the Northwest corner of said Seminary Lot; running thence East 132 feet to the alley, thence South 50 feet; thence West 132 feet; thence North 50 feet to the place of beginning.

TRACT 2

Part of Seminary Lot Number 72 in the City of Bloomington, Indiana, bounded and described as follows, to-wit: Beginning at a point 50 feet South of the North line of said Lot 72, and in line with the East line of Washington Street as platted in Ryor's Addition to the City of Bloomington, Indiana, said line being 334 feet East of the Northwest corner of said Lot 72; running thence South with the East line of said Washington Street 25 feet; thence East 132 feet; thence North 25 feet; thence West 132 feet to the place of beginning.

TRACT 3

Part of Seminary Lot 72 in the City of Bloomington, Indiana, bounded as follows: Beginning at a point 75 feet South of the North line of said Lot Number 72 and in line with the East line of Washington Street as platted in Ryor's Addition to the City of Bloomington, Indiana, said line being 334 feet East of the Northwest corner of said Seminary Lot Number 72; running thence South with the East line of said Washington Street 85 feet, more or less, and to a point on said line due West of the Southwest corner of a two story building; thence East 132 feet; thence North 85 feet; thence West 132 feet to the place of beginning.

TRACT 4

Part of Seminary Lot Number 72 in the City of Bloomington Indiana, bound as follows: Beginning at a point that is 334.0 feet East, on the East line of South Washington Street and 160.0 feet, more or less, South of the NOrthwest corner of the said Seminary Lot Number 72, said point being due West of the Southwest corner of a two story building; thence South 65.0 feet, more or less, to the North line of an alley as platted in Allens Subdivision of a part of Seminary Lot Number 72; thence East over and along the North line of said alley for a distance of 132.0 feet and to the West line of a platted alley; thence North over and alone the West line of the said alley for a distance of 65.00 feet, more or less, to a point due East of the Southeast corner of a two story building; thence West for a distance of 132.0 feet to the point of beginning.

The above described property being the same property as described in Schedule A of Lawyers Title Insurance Corporation Policy No. 136-00-939878 as follows:

DESCRIPTION
Job #2091

A part of Seminary Lot Number 72 in the City of Bloomington, Indiana, more particularly described as follows:

BEGINNING at a P.K. nail being on the North line of said Lot Number 72, a distance of 334.00 feet East of the Northwest corner of said Lot Number 72; thence South 89 degrees 43 minutes 24 seconds East, 132.52 feet to a 5/8 inch rebar; thence South 00 degrees 01 minutes 30 seconds East, 229.20 feet to a 5/8 inch rebar; thence North 89 degrees 40 minutes 28 seconds West, 132.62 feet to a 5/8 inch rebar; thence North 00 degrees 00 minutes 00 seconds East, 229.09 feet to the point of beginning, containing 0.70 acres, more or less.

This survey was executed according to survey requirements contained in Sections 1 through 19 of 865 IAC 1-12.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Per Community Panel Number 180169 0025 C, dated June 17, 1991, this property is not located in a flood hazard area.

Easement shown are per Lawyers Title Insurance Corperation, File Number 250-97, June 10, 1997, Policy #136-00-939878.

To First Mortgage Bank, Lehman, Middle Way Transitional Housing L.P., Lawyers Title Insurance Corporation, its sucessors and assigns that this map or plat and the survey on which it is based were made (I) in accordance with "Minimum Standard Detail Requirements of ALTA/ACSM Land Title Survey" jointly established and adopted by ALTS and ACSM in 1992, and includes No. Items of Table A thereof, and (II) pursuant to the Accuracy Standards (as certification) of a "Rural" Survey.
